SECTION B

NOTICE: This is an offer for an Indefinite Delivery Purchase Order (IDPO) contract for a period of one year, with 1 one-year options, for the item of supply listed in the solicitation item description.

- (a) The IDPO contract will provide coverage for DLA orders for stock replenishment. Prices are FOB destination with LOGMARS Bar Code marking and MIL-STD-2073 packing (current revision).
- (b) The estimated annual demand quantity for the item of supply is 56. This is an estimate only and is not purchased by this contact.
- (c) This IDPO order contains the terms and conditions of the contract, It is an offer by the Government to order at least the minimum quantity of supplies (48 EA) as stated in the first delivery order. The contractor shall furnish to the Government, when and if ordered, the supplies specified in Section B up to an aggregate dollar value of all orders, including the initial order equal to the simplified acquisition threshold of \$100,000 (FAR 52.216-22 Indefinite Quantity).
- (d) Such orders may be issued from 13-APR-04 to 09-APR-06 (FAR 52.216-18 Ordering).

CONTINUED ON NEXT PAGE

SECTION B

- (e) There is no limit on the number of orders that may be issued during the contract period. The Contractor is obligated to honor individual orders for quantities covered by the incremental quantity ranges specified in Section B. The Government reserves the right to issue orders for quantities not covered by the incremental quantity ranges which the Contractor is not obligated to honor so long as the Contractor provides notification of their intent not to perform within 7 days after the date of order to the administrative contracting officer listed in Block 6 of the delivery order. Failure to provide such notice will adversely affect the Contractor's past performance Automated Best Value System score if this order is later cancelled at other than the Government's request (FAR 52.216-19 Order Limitations). For informational purposes only, and without any obligation, the Government anticipates 2 orders per year.
- (f) In pricing delivery orders requiring delivery of one NSN to multiple destinations, the price for each destination will be based on the quantity range price based on the total quantity of the NSN being procured under each delivery order regardless of destination.
- (g) The Government's minimum obligation under the IDPO contract is the quantity of the first delivery order (48 EA). This minimum order quantity is inclusive of the entire contract period (base and option years). In no event shall the Government be obligated to place follow-on orders for additional quantities above the minimum under this agreement.
- (h) The contractor's method of accepting the IDPO contract (for the first delivery order and all follow-on orders) is their performance of the first delivery order.
- (i) If the contractor accepts the Government's IDPO offer by furnishing the supplies in the first delivery order, an IDPO contract is formed and the contractor agrees to honor additional orders at the price quoted for the quantity range that will cover the total quantity on the order (regardless of destination). Failure to make timely delivery on a follow-on order may therefore result in contractor liability to the Government under the terms of the Default Clause at FAR 52.249-8.
- (j) There will only be one IDPO contract per NSN. It is an indefinite quantity contract (IQC) and is not to be considered a requirements type contract.
- (k) The IDPO will be distributed via email notification with a Web link to an electronic copy of the DD Form 1155, Order for Supplies or Services. Delivery orders, citing the basic agreement, will be transmitted via DPACS Electronic Data Interchange (EDI) to contractors who are DPACS EDI capable. Contractors who are not DPACS EDI capable will receive their delivery orders via email award notification containing Web links.

SECTION B

- (1) Numbering: The uniform procurement identification numbering (PIIN) system will be used. The IDPO contract and delivery orders issued there under will be distinguished by a "D" in the ninth position and a "5" in the tenth position, of the PIIN. An "A" through "K" in the eleventh position of the PIIN denotes an AutoIDPO contract, while an "L" through "M" in the eleventh position denotes a manually evaluated IDPO contract. The Delivery orders will be serially numbered with sub-PIIN numbers 0001 through 9999.
