Effective October 1, 2001, European countries are restricting shipments of material in or on Non-Manufactured Wood Packaging Material (NMWPM) (i.e., pallets, boxes, crates, etc.) that do not meet the following requirements adopted by the Commission of the European Communities (CEC):

All wooden pallets and wood containers produced entirely or in part of non-manufactured softwood species shall be constructed

from Heat Treated (HT to 56 degrees Centigrade for 30 minutes) coniferous material and certified accordingly by an accredited agency recognized by the American Lumber Standards Committee (ALSC) in accordance with Non-manufactured Wood Packing Policy and Non-manufactured Wood Packing Enforcement Regulations both dated May 30, 2001. All wooden pallets and containers produced entirely of non-manufactured hardwood species shall be identified by a permanent marking of 'NC', 1.25 inches or greater in height, accompanied by the CAGE code of the contracted manufacturer and the month and year of the contract. On pallets, the marking shall be applied to the stringer or block on opposite sides and ends of the pallet and be contrasting and clearly visible. On containers, the marking shall be applied on a side other than the top or bottom, contrasting and clearly visible.

All contracts and orders where NMWPM may be used to ship material to U.S. forces and Foreign Military Sales customers in Europe are subject to these requirements.
