SECTION D

D11C03 52.211-9010 MILITARY SHIPPING LABEL (MSL) REQUIREMENTS - MIL-STD-129P (MAR 2004) DLAD

(a) MIL-STD-129, Revision P, dated December 15, 2002, establishes the requirement for Contractors that ship packaged materiel to the Government to provide both linear and two-dimensional (2-D) bar coding on military shipping labels (MSLs) (but see exceptions in paragraph (d)). The new requirements apply to all shipments, which includes either depot (DLA-Direct) or DVD (Customer-Direct) shipments. Linear (Code 3 of 9 or Code 39) bar codes continue to be required on interior packages (unit and intermediate packages)

for the National Stock Number (NSN) and, when applicable, the serial number; and on shipping containers and palletized unit loads for the NSN, Contractor and Government Entity (CAGE) Code, contract number and, when applicable, the serial number.

The new requirements do not apply to delivery orders when the basic contract has not been modified to require MIL-STD-129P.

(b) The new MSL replaces former DD Form 1387 and is illustrated in Figures 2a and 2b of MIL-STD-129P. The MSL requires Code 3 of 9 or Code 39 linear bar codes for the Transportation Control Number (TCN), piece number and DoDAAC for the ultimate consignee or mark-for address. The 2-D bar code on the MSL must contain the document (requisition) number, NSN, Routing Identifier Code (RIC), Unit of Issue, Quantity, Condition Code, and Unit Price, which are ordinarily included on the DD Form 250 or the DD Form 1348-1A. MIL-STD-129P provides numerous illustrations of what must be bar-coded and the recommended placement of the bar code. When the contract omits any data element required to be bar-coded, the field should be zero-filled.

(c) MIL-STD-129P, sources for conforming labels, and related information are available on the DLA Packaging Web Site at URL: <http://www.dscclia.mil/offices/packaging/specstdslist.html#STDs>.

(d) This clause does not apply to -

(1) Subsistence items procured through full-line food distributors (prime vendors), 'market ready' type items such as fresh milk, ice cream, and other fresh dairy products, fresh bread and other fresh bakery products, and all fresh fruits and vegetables, shipped within the Continental United States (CONUS) to customers within CONUS;

(2) Any item for which ownership remains with the vendor until the item is placed in designated locations at the customer location prior to issuance to the customer. Government control begins upon placement of the item by the vendor into the designated location or issuance from the designated location by vendor personnel (i.e., the vendor is required to stock bins at the customer location and/or issue parts from a vendor controlled parts room); or

(3) Bulk purchases of petroleum, oil and lubricant products delivered by (1) pipeline; or (2) tank car, tanker and tank trailer for which the container has (i) a capacity greater than 450 L (119 gallons) as a receptacle for a liquid; (ii) a maximum net mass greater than 400 kg (882 pounds) and a capacity greater than 450 L (119 gallons) as a receptacle for a solid; or (iii) a water capacity greater than 454 kg (1000 pounds) as a receptacle for a gas.

NOTES: In bar code element 1 above, the Document Number consists of a 14-character (15 characters when a suffix is included) alphanumeric code. It may be listed on a contract/award as the Requisition Number, Transportation Control Number (TCN), etc.

In bar code element 2 above, the NSN will appear as a 13-digit code without the dashes.

In bar code element 3 above:

The RIC for each procuring activity is as follows:

S9C - Defense Supply Center Columbus - Construction
 S9E - Defense Supply Center Columbus - Electronics
 S9F - Defense Energy Support Center
 S9G - Defense Supply Center Richmond
 S9I - Defense Supply Center Philadelphia - General and Industrial
 S9T - Defense Supply Center Philadelphia - Clothing and Textiles
 S9M - Defense Supply Center Philadelphia - Medical Materiel
 S9P - Defense Supply Center Philadelphia - Perishable Subsistence
 S9S - Defense Supply Center Philadelphia - Semi-perishable Subsistence

The appropriate unit of issue (U/I) will appear as a two digit alpha character.

The quantity will appear as a five-position number, including zero fillers on the left.

The above will be followed by an 'A' and eight zeros, (i.e. 'A00000000')

NO SPACES SHALL SEPARATE THE INDIVIDUAL DATA ELEMENTS WITHIN EACH LINE.

A copy of ISO/IEC-16388 is available from:

SECTION L

L11A03 52.211-14 NOTICE OF PRIORITY RATING FOR NATIONAL DEFENSE USE (SEP 1990) FAR

As cited on the front page of this solicitation.

L11D02 52.211-9C13 AVAILABILITY OF DRAWINGS (JAN 2003) DSCC

The primary source for drawings, which support DSCC solicitations, is the DSCC Bid set Interface (DBI) website. The website is available through the DSCC Internet Bid Board System (DIBBS). All drawings available on the DBI website must be viewed and/or downloaded from the website. Requests for hard copy or CD-ROM copies of drawings that are available on DBI will be returned unprocessed.

Request for drawings that are listed on the DBI, as 'Restricted, Available to Authorized Vendors only', must be ordered by clicking on the 'Order via CD-ROM'. An automated order form will appear with the Solicitation Number. Return by Date and NSN populating the first three fields of the form for your convenience. It is important that the 'Certification

Number and Certification Date' are completed on the form. Failure to provide complete information will cause delays in issuance of the requested drawing(s). All requests for restricted drawings will be provided on CD-ROM. Allow seven days for receipt of the CD. If you have any questions about

your order after seven days call 614-692-1204.

To assist us in operating this website feature, we have established a vendor-interactive e-mail address at dbi-drawings(at)dsccl.dla.mil. If you are reading solicitations and accessing available bid sets and discover a discrepancy between what is listed in the 'Item Description' of the solicitation and what is available in the bid set drawing list, we request that you send an e-mail message describing the discrepancy. You may advise us in instances such as, 'wrong revision level in the DBI', 'drawing(s) in the solicitation, but none in DBI', or 'additional drawings in the solicitation and not available in DBI'.

CAUTIONARY NOTE: It is your responsibility to make sure that you obtain and use the drawings and revision levels that are called out in the solicitation.

If you have any questions about the operation of the DBI website (drawing questions only), call 614 692 3207 or 614-692-1204.

FOR LONG TERM CONTRACTS, WITH MULTIPLE NSNS, THAT REQUIRE DRAWINGS.

To obtain the CD-ROM drawings contact the Long Term Contract Drawing Monitor via email: Leonard.gutter(at)dla.mil. Questions or comments may be directed to Leonard Gutter at 614-692-2306. Government Specification can be acquired through

the Acquisition Streamlining and Standardization Information System (ASSIST) at <http://assist.daps.dla.mil>.

The Government does not supply Commercial (non-government) Specification and Standards. It is the responsibility of the contractor to obtain these.

L15D05 ADDENDUM TO FAR 52.215-5 FACSIMILE PROPOSALS (DEC 2003) DSCC

(c) The telephone number of receiving facsimile equipment is: A/C 614-692-4275

NOTE 1: When sending a facsimile proposal, the contractor should program the machine to include his telephone number as the distant station ID. This information is required to assist in documenting receipt of the order.

NOTE 2: Reject offers received via the DSCC Internet Bid Board System (DIBBS). This mode of transmission is not authorized for large purchase acquisition. If the DIBBS offer

is received outside the Bid Opening Room, the receiver will immediately hand deliver the offer to the Bid Opening Officer. The Bid Opening Officer will return ALL DIBBS offers (whether received in or outside the Bid Opening Room) to the contractor. The offer will be returned as an attachment to the letter of rejection. This letter advises that it is unfair and improper to consider the offer since it would have a potential competitive advantage over other offerors, e.g., there could be more time in which to prepare the offer. FAR 14.301(e)/FAR 15.402(k) stipulate that the solicitation must specify which electronic commerce method is permitted.
